ALICE EASTON

Operative went to Orange, N.J. and to the Central High School in that town. At this school there was a Marie Easton who left school in 1917, but did not graduate. The address is 488 Fairview Ave.

Operative checked this up and find that this Easton family is in no way connected with the party wanted.

Operative also visited the High Schools in East Orange, West Orange, South Orange, but none of the past rosters of the above schools showed an Alice Easton or an Alice Gibson as either graduating or withdrawing.
